Consortium composed by:

Context

AccessibleEU and the National Confederation of Disabled People of Greece (NCDP) co-organise a networking event in Athens to provide information about the requirements and implementation of EU Directive 2019/882 and to exchange views on its implementation at national level.

The target audiences of the event are public authorities, private enterprises, NGOs, organisations of persons with disabilities and other user groups.

Conference objectives:

- To present the AccessibleEU Resource Centre and its goals
- To provide information about the requirements and implementation of EU Directive 2019/882, which has been transposed into the Greek legislation (Greek Law 4994/2022), and to exchange views on its implementation at national level.
- To highlight good practices
- To introduce stakeholders to the AccessibleEU Community of Practice, to actively participate and benefit from the resources of the Centre
