

” BEST PRACTICES AND TRAINING PATHS IN ACCESSIBLE TOURISM ”

**International Conference & Workshop
Bergamo (BG), February 17th 2024**

Bergamo Exhibition Centre – Sala Caravaggio
Via Lunga s.n., Bergamo (BG) – Lombardy - Italy

In Cooperation with University of Bergamo and Province of Bergamo

Official Languages: English - Italian

DESCRIPTION

The theme of inclusion and accessibility is increasingly topical and urgent today, especially in reference to the tourism sector. The panel intends to highlight the challenges of accessible tourism today, raise awareness of the importance of building fruitful national and international networks and enhance the transition to sustainable and responsible tourism in Europe. “Accessible tourism is about making it easy for everyone to enjoy tourism experiences. Making tourism more accessible is not only a social responsibility – there is also a compelling business case for improving accessibility as it can boost the competitiveness of tourism in Europe.” (ENAT – European Network for Accessible Tourism).

OBJECTIVES

Promote a culture of inclusion in the world of tourism, build profitable national and international networks, enhance best practices and share the effects and opportunities that accessible tourism brings to the local economies of the Territories.
