Association for Development of Mountain Municipalities in the Republic of Bulgaria
European project for accessible tourism and its national promotion and sustainability of outcomes
20 member municipalities and defending interests of all over 110 upland communities
Signing of the first in the Republic of Bulgaria Memorandum for Mutual Cooperation between two non-governmental organizations on the occasion of the implementation of European Project „Access Angels“—February 2017
Lawful building an accessible environment and services for people with special needs and increasing their opportunities for choice of recreation and entertainment
Informing the public about the needs of people with disabilities. Analysis and evaluation of the tourist base in terms of accessibility.
Creating conditions for the transfer of best practices; joint participation in forums, initiatives and projects, exchange of information, expertise and ideas for developing a national network of accessible tourism
Creating conditions for continuous dialogue with the competent institutions regarding the establishment of a system for training and qualification nasotsialni assistants in tourism and the inclusion of this profession in the National Register of occupation.
Management of the Ministry of Tourism put the topic of accessible tourism in the discussions within the interdepartmental council
Creating conditions in upland resorts for accessible tourism
Building mobile facilities for disabled people in upland resorts and a pool of local volunteers who are to be trained to work with them.
Commitment of municipalities themselves for creating more and more accessible tourism environment for people from all ages all around the year.
Multiplication of the project results and dissemination of information in all Balkan countries through the informal Balkan upland municipalities network BALMONTE
Promotion of project outcomes and results via the AEM – European Association of Local Elected Representatives from Upland Regions – forthcoming General Assembly in France
Upgrading project outcomes through other projects funded by EU programmes
Including the topic of accessible tourism and environment as a whole in the annual Agenda of the Association and work in close cooperation with the national and European authorities for achieving the best possible results.
Raising awareness of young people as regards the volunteering in favor of disabled people at tourist sites in rural and upland communities.
Lobbying for establishment of extracurricular activities in the field of accessible tourism at rural and upland communities
Engaging in the cause universities, schools, NGOs, local and governmental authorities, Presidency, EU institutions, etc. via all existing and emerging communication channels.
