Press Release, Brussels, 21 November 2019

VALUEABLE AMONG THE AWARD WINNERS OF THE EUROPEAN CONTEST
".EUWEBAWARDS"

Yesterday in Brussels, the gala dinner that announced the winners of the European contest dedicated to the best web sites with eu domain. Among these, a special mention to valueable.eu.

The gala dinner was held last night in Brussels during which the winners of the European contest dedicated to the best sites with domain.eu were announced. Five categories in the competition, for which three finalists for each category were selected among the many participants.

Valueablenetwork.eu, with the special mention "Better European Society" stands out among the winners since it is "A pan European project, connecting people and giving equal opportunities to enable everyone to reach their full potential".

Another important international recognition for our project, after participating in the UN General Assembly in March last year, at which Valueable was presented among the European best practices dedicated to the job inclusion of people with intellectual disabilities.

The Valueable network is the European network of socially responsible companies of the hospitality sector. It has been created within the Erasmus+ project: "On my own...at work", financed by the European Commission in 2014-2017.
