

WHICH EUROPEAN
CITY WILL
WIN A PRESTIGIOUS
ACCESS•CITY AWARD?

WHAT IS THE ACCESS•CITY AWARD?

Put your city on the European map as a proactive supporter of accessibility for persons with disabilities. The Access•City Award sets out to showcase and reward cities with over 50,000 inhabitants which take exemplary initiatives to improve accessibility in the urban environment.

In the context of a steadily ageing population living in European cities and its correlation with disabilities, it is recognised that improved accessibility has important social and economic benefits.

A second Award will be given to **networks of cities or organisations** that have been outstanding during 2010 in championing accessibility in the urban environment. Your success can be an inspiration to other cities across Europe.

Share your ideas through this competition and make more initiatives happen.

Let the Access•City Award have pride of place in **your** Town Hall.
