

## Argonautical Park

### *General description*

The centre's location has been chosen to assure high standards due to its special functionality. Argonautical Park is based at Kalifteri Beach near the beautiful coastal village of Afissos, one of the few places in Greece which enjoys steady winds throughout the summer which allows sailing in flat waters without waves along the beach, and up to 1,5 km from the beach in warm and safe water.

The centre's facilities include the following:
