ENAT’s Mission Statement

The mission of the European Network for Accessible Tourism is to make European tourism destinations, products and services accessible to all travellers and to promote accessible tourism around the world.

• ENAT aims to achieve this by bringing together sector actors to share their experience, learn from each other and collaborate.

• ENAT promotes wider awareness and understanding of the need for accessibility in all areas of travel and tourism throughout Europe.

• ENAT supports the development and spread of good policies and practices.

• ENAT works to develop knowledge and expertise on accessibility issues in the European tourism field.

• ENAT provides a platform for those who support accessibility in tourism, and a representative voice towards National, European and International institutions and organisations whose actions have a direct influence on the tourism sector.

Further information about ENAT is available on the Web at:

2. ENAT Strategy and Activities

2.1 ENAT Strategy and Workplan 2016 to 2020

The activities conducted by ENAT in 2016 are part of the 2010-2015 Strategy and Workplan that was updated and extended to the period 2016 – 2020 at the Board Meeting held in June 2016.

This Annual Report presents a synopsis of the work of ENAT and some of its Full Members in 2016.

2.2 Network Activities

2.2.1 ENAT National Co-ordinators’ and Full Members’ Activities

Main activities of ENAT National Coordinators, ENAT Board Members and Full Members are listed below. (See also Section 3, “Events”).

Belgium Flanders (INTER)

- Presentations of ENAT activities and representation of ENAT at ministerial, corporate and research meetings in Belgium.

Belgium Wallonia (ANLH)

- Management of ENAT’s Head Office functions.

France (Tourisme et Handicaps)

- The Association Tourisme et Handicaps joined ENAT in 2014. It has a wide range of activities throughout France and in overseas territories – so many that it is not possible to summarise them all here.

Germany

German Federation for The Blind and Partially Sighted (DBSV)

PRM-Dialogue

Since 2015 the German Aviation Association has invited representatives of airports, airlines, disability organisations and organisations of older people to discuss accessibility issues of passengers with disabilities. DBSV was invited to this „PRM-Dialogue“ which takes place about twice a year.

The participants look for solutions to how the situation for disabled air passengers can be improved with regard to the booking process, the accessibility of the design of the airports and the airplane cabin (including the use of toilets), the security checks and the assistance on board.

The meetings show that the participants are convinced that it is necessary to find practical solutions to make air travel more comfortable for disabled air passengers.
In 2017 a working group began to set up a brochure that lists the questions that people with disabilities should clarify before booking a flight. The first draft was approved in the plenary session in April 2017.

Accessible Tourism Day during the ITB Convention Berlin

As active member of „Tourism For All Germany“ (NatKo) DBSV is involved in the organisation of the Accessible Tourism Day which takes place every year during the ITB Convention Berlin (2016 already the fifth time).

The feedback to these conferences which have been attended by about 200 people every year (mostly professionals of the tourism industry present as exhibitors on the ITB Convention) has been very positive over the years. ENAT was also invited several times to take part in the conference. In 2016 ENAT was represented by ENAT Honorary Board Member, Angelika Laburda, Austria.

Uniform Labelling system for accessible tourism offers

Since in Germany nearly each of the Länder has its own labelling system to mark accessible tourism offers, the Federal Ministry of Economics and Energy started in 2011 to support the establishment of a single labelling system for Germany as a whole.

The Ministry commissioned the „Deutsche Seminar für Tourismus“ (German Seminar on Tourism) together with NatKo to elaborate the accessibility criteria and labels for accessible tourism offers along the whole tourist service chain. Thus, DBSV is involved in this project as board member of NatKo and as member of the advisory committee besides other disability organisations and representatives of the tourism industry.

After more than four years the accessibility criteria are set up and published (www.reisenfuer-alle.de). The criteria regard two steps of accessibility (partly accessible and fully accessible) and refer to seven types of impairments (Walking impairment/Wheelchair-user, Blind/Partially Sighted, Deaf/Hearing impaired, Cognitive impaired).

In contrast to the labelling systems already existing in Germany the new labelling system is based on external evaluation. That means that everybody who wants to make use of these labels first has to ask for evaluation of the object to be certified by experts that were trained by the organisers of this project.

At the end of 2016 about 200 evaluators have been instructed and nearly 2000 tourism offers (hotels, museums, tourist offices etc.) have been checked. Future work will focus - besides further enlargement of the number of certified tourist offers - on establishing a database to present these offers in the internet. Since Germany Travel is involved in the project, the user interface will be available in German and English.

Greece

- EWORX S.A. continued to offer its support and maintenance services to the ENAT Website www.accessibletourism.org
• EWORX contributed to development of the Accessible Tourism Directory at http://Pantou.org under contract to the European Commission Tourism Unit and conducting research on the availability of accessible tourism services in Europe.

• EWORX participated in the T-GuIDE project as subcontractor to ENAT, developing and maintaining the project website: www.t-guide.eu and hosting the e-learning platform, www.accesstraining.eu

• EWORX continued to host and support the website of the EU-funded Vocational Training project, www.etcaats.eu which contains resources on e-Learning for accessible tourism.

• EWORX hosts and maintains the “Minisite” for the EU-funded ELEVATOR project, coordinated by Kazuist, Czech Republic, in which ENAT is a partner: www.accessibletourism.org/elevator

Ireland

• WRC and Universal Access: Representing ENAT in the Republic of Ireland.

• Universal Access was accepted as a full member of ENAT at the 2016 General Assembly and was later appointed as national joint co-ordinator with Dr Richard Wynne of the Work Research Centre.

• Universal Access has been involved in the development of the ENAT International Tourism for All Quality Programme from the outset and has been piloting the label in Ireland since May 2016. Twelve hotels were selected in the pilot and ten hotels have been tested with the full pilot. This is the only international accessible tourism certification system. The criteria for the Quality Programme and Label are based on:

• ISO 21542 Building Construction - Accessibility and Usability of the Built Environment

• W3C-WCAG – Web Content Accessibility Guidelines of the World Wide Web Consortium

• UNWTO – ENAT – Fundación ONCE Accessible Tourism Recommendations, and

• ENAT Best Practices and European Commission Case studies

The components of the Quality Programme are made up as follows;

1. **Access policy** in place and publicly available.
   Quality system in place, equal opportunity employment
   - Defining the business’s commitment to providing accessible tourism for all guests, following the “ENAT Code of Good Conduct”.

2. **Access Audit** of buildings, facilities and services, meeting the ENAT accessibility criteria for:
   Information provision | Customer Service | Transport | Facility Management | Built environment design

3. **Staff Training** in disability awareness and accessibility.
   - Training according to ENAT-accredited curriculum
4. **Accessibility information** made available to potential visitors with access specific requirements
   - Information based on the Access audit, provided in an **Access Statement** (downloadable PDF).

5. **Accessible Website**
   - Access audit of company website; Report with recommendations

Universal Access managed the following works in the pilot;

Ten website scanned audits

Ten private hotel audits were undertaken on set criteria through 190 check points under the following headings;

A. POLICIES AND INFORMATION

B. TRANSPORT

C. CUSTOMER SERVICE

D. FACILITY MANAGEMENT

E. BUILT ENVIRONMENT DESIGN

Action documents were created out of each of the audits and at present each hotel is going through the implementation phase. There was also ten access policies created and an individual access guide template was created in partnership with the hotel.

Nearly 450 staff from the hotels senior management and front line staff were trained in accessible tourism within three weeks.

Each hotel also became a member of ENAT and signed the ENAT code of good conduct.

Universal Access also negotiated a two year national frame work agreement between ENAT and the national tourism authority in Ireland, Failte Ireland, to develop the country in accessible tourism as part of their mainstream tourism offerings.

Universal Access also presented the European Network for Accessible Tourism to several key national organisations, government agencies, local government municipalities and has built up an excellent working relationship with the centre for Universal Design in Ireland and the National Disability Authority of Ireland.

Universal Access also attended the first Enat national network event in Scotland last September and invited Ms. Linda Campbell Director of Standards for Failte Ireland (national state tourism body) and Mr Paul O Neil, vice president of the Killarney chamber of Tourism and Commerce to the event.

Universal Access CEO, Mr Paudie Healy has also been appointed as a member of the following national committees earlier this year: the National Standards Authority of Ireland Accessible Tourism Committee, the National Standards Authority of Ireland public procurement M420 Committee, the National Standards Authority of Ireland Build Committee, the National Standards Authority of Ireland Design Committee,
Italy

• Annagrazia Laura (COIN) represented ENAT at corporate and research meetings in Italy, in project meetings and international events (see also Events section).
• Marco Pizzio (AISM) managed the “Europe Without Barriers” project and held the final conference in Lucignano, Tuscany, in 2016. (See Projects Section in this report).
• Marco Pizzio represented ENAT at the Accessible Tourism on Travel conference held in Matera, Italy, November 2016.
• COIN/TANDEM led and/or collaborated as partners in the EU-funded projects in which ENAT also participated: APP TOUR YOU, ATTIMO and ALL – Across Lombards Lands. (See Projects Section in this report).

Portugal (Accessible Portugal)

Ana Garcia and Sara Duarte represented ENAT at corporate and research meetings in Italy, in project meetings and international events.

• Throughout 2016
  Participation in the EULSTIB “EU LOW SEASON TOURISM INITIATIVE BOARD” of the European Commission, Brussels

• Throughout 2016
  Continuation of the BRENDAIT Project (See Projects Section in this report).

Sweden (Access Sweden)

• Represented ENAT at tourism sector meetings in Sweden.

United Kingdom
• Ivor Ambrose continued as Managing Director of ENAT, managing the international Secretariat
• VisitScotland / Chris McCoy (VisitScotland) together with VisitFlanders, Ivor Ambrose and Chris Veitch organised the 1st ENAT NTOs’ Learning Group Meeting in Edinburgh, Scotland in November 2016, attended by over 20 National and Regional Tourist Board representatives. Speakers included the Scottish Minister of State for Tourism and representatives of VisitFlanders, German National Tourism Organisation, Royal Yacht Britannia, Scandic Hotels, VisitEngland, Turismo de Portugal, VisitParis Region, Euan’s Guide, Tourism for All UK, Access-i, Belgium, Pantou.org, APP TOUR YOU Project and others.

2.3 ENAT Fund-raising, Sponsorship and Recruitment

The sources of funding for the ENAT association are:

- Membership fees
- Sponsorship and donations
- Income from consulting work conducted by members on behalf of the association
- Project funding.

In 2016, membership fees and project income contributed to ENAT’s budget.

Project income was used exclusively to pay the project costs (experts’ fees, subcontracting, travel, per diems and related expenditure) and travel subsidies for Board members to official meetings.

No equipment or fixed property was bought by ENAT in 2016.

The ENAT Financial Report 2016 is available to ENAT Full Members in a separate document.

2.4 Recruitment

One of the key functions of ENAT is to act as a point of reference, not only for its members, but also for organisations around the world that are working towards a common vision of accessible tourism for all. The ENAT Board considers proposals for Honorary Membership to be given to persons and organisations that share ENAT’s objectives and can make a positive contribution to carrying out ENAT’s mission.

2.4.1 Open Call for New National Coordinators and Contact Points

In 2016 the ENAT Board approved Coordinators and Contact Points for the following countries:

- Czech Republic,
- Ireland,
- Egypt,
- Poland,
- South Korea.

See: http://www.accessibletourism.org/?i=enat.en.enatnationalcoordinators

2.4.2 Full Membership Candidates

No applications were received for Full ENAT Membership in 2016.

We look forward to receiving applications in 2017 from Active Associate Members and strongly encourage them to step forward to support the work of ENAT and reap the full benefits of membership.
3. ENAT Publicity and Outreach

3.1 ENAT Web Portal Development

In 2016 the ENAT portal continued to provide the features and services which were developed originally in 2006 - 2008 by EWORX S.A.

Some additional (back-office) features and improvements were implemented in connection with upgrades of the “TOOLIP” Web Content Management System (CMS).

ENAT also disseminates its information via various social media channels:

- Facebook webpage https://www.facebook.com/accessibletourism
- Twitter page http://twitter.com/#!/EUaccesstourism
- LinkedIn Accessible Tourism Group: http://www.linkedin.com/groups?gid=4003674&trk=hb_side_g
- ENAT e-Bulletin (direct email to Members and subscribers)

**Social Media followers, (as of June 2017):**

- ENAT Facebook followers. Likes: 2,508 (up from 2100 in June 2016)
- ENAT Accessible Tourism Group, Members: 356 members
- ENAT Twitter followers: 1,237 (up from 1000 in June 2016)
- ENAT LinkedIn Group members: 2,323 (up from 1490 in June 2016).
- ENAT E-Bulletin subscribers and related ENAT mailing accounts: over 2,700 (up from 1300 in June 2016).

In 2016 ENAT also managed or contributed as co-editor to additional social media channels for the following EU-funded projects:

3.1.1 Regional websites

The ENAT portal now appears only in the English, French and Dutch editions.

During 2016 the French and Dutch editions were not actively maintained and it is proposed to close these temporarily until such time as new editors may be found.

3.1.2 e-Bulletin

A semi-automated emailing system, adopted in 2009 (www.mailchimp.com), continued in use in 2016, sending e-Bulletins to over 1,300 subscribers.

During 2016, ENAT sent out 6 e-Bulletins to subscribers. The bulletins can be viewed at this page http://www.accessibletourism.org/?i=enat.en.newsletter

The e-Bulletins were opened on average by 28% to 68% of subscribers. The “opening rate” industry average for NGOs, according to MailChimp is 21.1%.

© ENAT, 2017
3.1.3 On-line Resource Centre

The ENAT website constitutes the digital resource centre of the network. It is available in English with News, Publications, Links, Projects, Good Practices, Forum articles, etc. See: http://www.accessibletourism.org/?i=enat.en.resources

Google

All pages can be translated immediately by the in-built “Google Translate” feature.

ReadSpeaker

Through the generous support of ReadSpeaker since 2015, the ENAT Webpages (English edition) are made accessible to people who may not be able to read the text or who are less familiar with English as a foreign language. Just click on the "Listen" button at the top of the page. No software installation is necessary - it just works. You can adjust the reading speed and text highlighting according to your preference.

The main English language web pages at www.accessibletourism.org included 1,997 unique articles by the end of December 2016. This is an increase of about 97 items since 31 December 2015.

Web search by Google for: “Accessible Tourism”

Again in 2016, as in previous years, using “Google” search for the phrase “accessible tourism” consistently lists www.accessibletourism.org as the first placed website (out of approximately 1,930,000 results. Several sub-pages of the ENAT website and our Pantou Directory https://pantou.org are also listed in the top 10, making it, without doubt, the most “visible” global site addressing this subject.

The following image taken from "Google Analytics" shows a summary of site visitor usage from January to December 2016, compared with the same 12-month period in 2015. See next page.
The analytical report comparing 2016 with 2015 shows:

- **Number of sessions** increased by 14.11% to 60,114.
- **Number of users** increased by 15.72% to 44,097.
- **Total number of page views** increased by 5.77% to 145,096.
- **Pages per visit** decreased by 7.31% to 2.43 pages).
- **Average session duration** decreased by 6.65% (to 2:15 minutes).

The pie diagram on the left shows that new visitors made up 27.5% of visitors in 2016, compared with 28.8% new visitors in 2014.

The average number of visits to the ENAT website in 2015 was 1,154 per week, giving a total of 60,114 for the year.

All-in-all the website activity can be considered very satisfactory, even though the activity rates were slowing in some respects.
3.2 ENAT Print Publications

3.2.1 Publicity Leaflets
ENAT Flyers are available for downloading from the ENAT website in English, Greek, Swedish, Italian, Spanish, German and Turkish.
http://www.accessibletourism.org/?i=enat.en.publicity.685

ENAT Printed flyers were not produced in 2016
Current stocks need to be replenished with a new design and updated content.

Pantou Flyers were printed in German, Spanish, Italian and English

3.2.2 ENAT Code of Good Conduct Commitment Label

The ENAT Code of Good Conduct, launched in 2009, has been signed by over 100 ENAT Members by the end of 2016.

Businesses and organisations that sign up to the Code receive a commitment label and certificate recognising their efforts to promote accessible travel and tourism.

- The ENAT Code of Good Conduct is the first and only international labelling scheme for the promotion of ethical business standards in Accessible Tourism for All.
- The Code consists of 8 guiding principles which businesses and organisations follow, so as to make travel and tourism accessible for all visitors who experience access difficulties. These customers may need better access and services due to disability, long-standing health problems, age-related conditions or other temporary or permanent personal conditions which restrict their access.
- The guiding principles of the Code are based on the objectives of ENAT, (as contained in the Association’s statutes), and also on sound and ethical business practices which enhance accessibility, sustainability and the quality of customer service.

Details of the Code of Good Conduct commitment label and how to obtain it are published on the ENAT website at: http://www.accessibletourism.org/?i=enat.en.enat-code-of-good-conduct

3.3 List of Events attended by ENAT representatives in 2016

The ENAT online Events Calendar (Google Calendar) provides information on the events attended or organised by ENAT Members in 2016:
http://www.accessibletourism.org/?i=enat.en.enat-events

The following list provides an overview of Events in 2016 where ENAT Board Members and Full Members have participated. Names of guest speakers are shown after the title of the event. Links refer to further information on the ENAT Website.

Bringing together over 300 top executives from around the globe, the HTI Conference delivers to health tourism stakeholders an incomparable learning, collaborative solutions, and networking experience.

Amsterdam ACCESSTOUR Exhibition & Conference (Mieke Broeders, Veroniek Maat). Amsterdam, 18 March 2016. The first international Accessible Tourism conference in the Netherlands, the result and final stage of the European ACCESSTOUR project.

4. Working Groups and Projects

4.1 ENAT Policy Group

During 2016, a number of issues related to ENAT's policies for accessible tourism development were taken up in discussions by the ENAT Board and Board Members, and with several outside parties.

- Members of ENAT led workshops, conference sessions and gave presentations on numerous subjects related to accessible tourism policy throughout 2016. (See list of Events, section 3, above).
- ENAT was invited and attended meetings of the JPI (Joint Programming Initiative) More Years Better Lives. The JPI is looking at opportunities for older people to participate actively in working and social life and they considered that Tourism issues, represented by ENAT could contribute to create a complete framework of opportunities for older citizens, ENAT is represented by the President Anna Grazia Laura and Board Member Mieke Broeders.
- ENAT, has become an official liaison organisation of ISO in the ISO Working Group 14 on “Accessible Tourism for All”, established under ISO Technical Committee 228 Tourism Services, to help develop the intended global Standard on Tourism for All.
- ENAT has received Liaison Organisation status with CEN-CENELEC for contributing to the Standards work of the Mandate M/420 (Phase 2) on
Public Procurement of the Accessible Built Environment. In this work, ENAT Associate Member, Katerina Papamichail is a member of the Expert Team appointed by CEN to prepare this European Standard.

4.2 Accessible Tourism Projects & Good Practices

The ENAT Secretariat has collected and published more than 120 “Projects and Good Practices” on the ENAT website. These include 5 new Projects submitted by ENAT members in 2016. Each project or good practice has its own profile page where the project aims and objectives, partners and contact details are shown. (Not all projects are carried out exclusively by ENAT members).

For further details, see: http://www.accessibletourism.org/?i=enat.en.enat_projects_and_good_practices

Three ENAT Forum articles by ENAT Members were published in 2016, see: http://www.accessibletourism.org/?i=enat.en.forums

3/09/2016 Barrier-free Travel In German Theme Parks

University student, Laura Zimmermann reviewed Theme Parks' websites and actual visits to examine their access provisions. This is a summary of her report, showing that park managers have some awareness of accessibility issues but there is still room for improvement.

24/02/2016 Accessible Tourism: Impact to the Local Economy of Promoting Northern Ireland as an Accessible Destination

A study report by Gavin Toal and Michael Holden, Developing Business Managers Programme, Ulster University, 2016. Accessible Tourism is a relatively new phenomenon within the tourism market as a whole. This study looks at evidence to see if Northern Ireland can benefit economically by promoting itself as an accessible destination.

18/02/2016 NTO Learning Group - A New ENAT Forum for National and Regional Tourist Boards

A new ENAT Forum for National and Regional Tourist Boards, sharing experiences, tools and methods. With a focus on how to develop and implement accessible tourism policies and strategies, at country, regional and destination levels.

4.3 ENAT Quality Label – Pilot Phase, 2016 - 2017

During 2016 the ENAT Board Working Group has been engaged in preparing a business plan and criteria for an International Quality Label for Accessible Tourism, currently referred to as the “ENAT Quality Label”.

The Pilot Phase to test and develop the label with hotels in County Kerry, Ireland commenced in May 2016, led by Universal Access, Killarney.

See Section 2.2.1 (Ireland) in this report for further details.
4.4 ENAT Business Support

4.4.1 ENAT Code of Good Conduct for Accessible Tourism

The ENAT Code of Good Conduct has been conceived as a way for enterprises and organisations to show, publicly, their commitment to a set of accessible tourism principles.

The Code of Good Conduct scheme is open to ENAT Members (Full and Associate) only. Approximately 100 companies had signed the Code up to the end of 2016. Details of the Code of Good Conduct commitment label are published on the ENAT website at:
http://www.accessibletourism.org/?i=enat.en.enat-code-of-good-conduct

4.5 Project Applications presented in 2016

ENAT was involved as a Partner in several project applications which were submitted to EU funding programmes in 2015.

1. Access Angels, ERASMUS+ (Accepted 2016)
2. Accessible Tourism Lebanon (Europe Aid) Accepted 2016.
3. NEWSCAT (Accepted 2016)
4. VET4ALL (Rejected 2015 – re-submitted, rejected)

It is important to consider that the involvement of ENAT in many proposals is largely due to its growing importance at EU and world level as the only network representing the issues of Accessible Tourism, with experience and quality.

ENAT can provide “Partner Search” services to its members who are making new proposals, using our large network of members and contacts.

For further information about the status of current applications and proposals or to participate in new proposals, ENAT Members are invited to write to Managing Director Ivor Ambrose at: enat@accessibletourism.org

4.6 Projects

ENAT Members have successfully obtained external funding for several projects and tenders, which were running since 2015 or came on stream in 2016.

Successful proposals submitted by consortia including ENAT, ongoing in 2016:

3. Access Angels, (ERASMUS+ Vocational Training) commenced 2016
4. APP TOUR YOU (ERASMUS+ Vocational Training) 2015 – 2017
5. BRENDAIT (COSME – Accessible Itineraries) 2015 - 2017
6. Tourism for All in Lebanon (Europe Aid) Commenced 2016.
7. ELEVATOR (ERASMUS+ Vocational Training project).
8. NEWSCAT (ERASMUS+ Vocational Training) Accepted 2016
10. ATTIMO (COSME Accessible Itineraries) Commenced 2016

The financial aspects of the running projects are dealt with in the ENAT Financial Report. Details of the project activities are given below.

4.6.1 Pantou.org (Continued in 2016 from 2015)
As part of the EU Supply Study, partners ENAT, VVA and EWORX created the European Accessible Tourism Directory at https://pantou.org in 2013. In 2015 the site, which is supported by the European Commission, continued collecting data on accessible services in Europe, based on a fully developed classification structure for tourism services, customer types (reflecting access requirements) and Accessibility Information Schemes.
From April to December 2015 the Pantou website was supported by EWORX S.A., in the absence of EU funding. A new contract with the EU Commission (“Purchase Order”) was signed by EWORX on behalf of EWORX and ENAT for The Improvement and Enhancement of Pantou.org to run from December 2015 to December 2016.
In 2016 the Pantou Directory was further developed with Blog feature, improved Search filters and the addition of more national and regional Accessibility Information Schemes as Pantou Partners.
By the end of 2016 over 650 suppliers had been registered in the Pantou Directory. The Pantou Directory continues in 2017.

4.6.2 Europe Without Barriers
Europe Without Barriers: Accessible Tourism Itineraries & Training (EBW). The general objective of the EWB project is to create a network of entities able to promote and sell tour packages accessible to everyone. All services will be provided in a context where needs of people with special requirements should be attended to and resolved.
Project Coordinator: Sclerosi Multipla Italia Società Consortile ARL, Italy.

4.6.4 APP TOUR YOU (Continued from 2015)
APP TOUR YOU - Accessible Tourism Training and Information for Small and Medium-sized Enterprises, (www.apptouryou.eu) is a European Union funded project under the Erasmus plus programme, strategic partnerships for Vocational and Educational Training (VET). It experiments with new models of training on accessible tourism and information targeted to SMEs and entrepreneurs in the field of tourism.
Through a blended learning experience for motivated entrepreneurs to become tutors of other peers, an APP for self-learning and a Massive Open Online Course (MOOC), the wide range of trainees involved will learn the basics of accessible tourism and how to gather and communicate correctly information on the accessibility features of their premises, activities and services. At the end of the project the trainees will have acquired new skills, built a net of peers in the tourism business and they will have the chance to publish their information on the European Directory of Accessible Tourism at www.pantou.org.

4.6.5 BRENDAIT (Continued from 2015)

BRENDAIT - Building a Regional Network for the Development of Accessible and Inclusive Tourism.
This project, funded by the EU COSME programme, focuses on building a strategy in order to improve accessible tourism conditions at a regional level. It is related to 2020 Tourism Action Plan goals, within the project "Making Portugal an Accessible Destination for All".
The consulting company Perfil Lda, Turismo Centro de Portugal, ESHTF, AHP and ENAT are the key-players involved.

4.6.6 Tourism for All in Lebanon (Commenced 2016)
Tourism for All in Lebanon: a new approach towards an inclusive socio-economic development for persons with disabilities. Europe Aid funded project under the Lebanese Government AFKAR III Programme, ‘Reinforcing human rights and democracy in Lebanon - Active citizenship’.
Start: July 2016, Finish: June 2018
Project Coordinator: Lebanese Physically Handicapped Union (LPHU)
Website: Lebanon Tourism 4 All

4.6.7 ELEVATOR (Continued from 2015)

"ELEVATOR: Efficient movement to higher quality staff and services in tourism for all"
The ELEVATOR project focuses on adult education and business development (business competencies) in the field of accessible tourism for all.
The name of the project "Elevator" represents the effort to raise the quality of human resources and services in tourism to a higher, more competitive level.
Tourism for all is an integral part of sustainable, high-quality tourism and in terms of expected trends in tourism and society also a necessary condition for maintaining its competitiveness. It is based on three important values: independence, equity and dignity. Accessibility is not only about physical access to the buildings, a truly accessible tourism product minimises or removes physical, attitudinal, information, financial and other barriers.
Project Coordinator: Kazuist, spol. s r.o. Czech Republic
Start: September 2015, Finish: August 2018
Project Website

4.6.8 NEWSCAT
Newscat: New Skills for Customized Accessible Tourism. The project will provide tools and methodologies to improve the skills and competences of tourist guides and other professionnals in the tourist sector to deal with new demands and requirements of clients, clients with specific access requirements, such as people with disabilities and seniors.
4.6.9 T-GuiDE – Tourist Guide Training for People with Intellectual and Learning Difficulties in Europe

The T-Guide project was completed in April 2015, producing an EU training model and Manual for training Tourist Guides in guiding people who have learning difficulties or other intellectual impairments.

As project partners, ENAT and FEG (Federation of European Tourist Guide Associations) signed a Partnership Agreement in December 2015 and in 2016 proceeded to develop the first FEG-ENAT Accredited T-Guide Training Course which took place in London, UK in Spring 2016. Since then FEG has arranged courses in Vienna and Prague which have led to the successful accreditation of 15 Tourist Guides so far, out of more than 20 who took the course.

Further details are given on the T-Guide Website:

4.6.10 ATTIMO Accessible Transnational Thematic Itineraries and InterModality

Project ATTIMO combines the idea of outdoor activities for all and cultural heritage tourism. Its main aim is developing cultural and leisure itineraries, focusing on accessibility and intermodality, building on an existing tourism offer in the area of Berici Hills, Italy and South and West Styria, Austria, combining outdoor trails and cycle routes.

Project Coordinator: TANDEM, Società cooperativa sociale integrata (ITALY)

Start: June 2016, Finish: December 2017

4.7 UNWTO – ENAT – F.ONE Collaboration Agreement

In August 2015, the ONCE Foundation, the World Tourism Organization (UNWTO) and the European Network for Accessible Tourism (ENAT) committed to the renewal of the collaboration agreement signed in 2011 by the three organisations, to conduct a series of joint actions. Its main objectives are the promotion and development of tourism for all, including people with disabilities.

Within these actions include, among others, awareness-raising of the tourism sector, the systematic integration of accessibility in national and local tourism policies and
the training of professionals. The partnership is embodied in drafting a summary of ‘Handbook on accessible tourism: tools and best practices’ in order to disseminate the work done in this area and strengthen the implementation of the recommendations by the parties involved in the tourism sector.

The UNWTO Handbook, co-produced by the ONCE Foundation and ENAT, consists of five modules in which specific recommendations are proposed to the tourism sector in order to create accessible tourist destinations. It presents suggested indicators formulated for tourist destinations to assess, monitor and manage the accessibility, and highlights the actions that must be carried out to make universal accessibility in tourism a reality.

Under the renewed agreement, in 2016 the partners developed an additional guidance document outlining the basic and transversal recommendations of the UNWTO on accessible tourism. These recommendations aim to ensure that people with disabilities will have access to the physical environment, transportation systems and information and communication channels, as well as a wide range of public facilities and services. See: Accessible Tourism for All: An Opportunity within Our Reach (UNWTO website).

The renewed collaboration agreement between the three organisations serves as a concrete step towards realising the actions specified in the Declaration, "One World for Everyone", signed by delegates including ONCE and ENAT, and witnessed by UNWTO at the "Destinations for All World Summit" in Montreal, October 2014.

The two UNWTO publications mentioned above can be downloaded from the UNWTO website at: http://ethics.unwto.org/en/content/accessible-tourism

ENAT warmly thanks Fundación ONCE and UNWTO for their continued collaboration on matters concerning the development and promotion of Accessible Tourism for All at the global level.

4.8 World Network/Organisation of Accessible Tourism

At the 1st World Summit on Destinations for All, Montreal October 2014, the final Declaration “A World for Everyone” was signed by participants. The Declaration committed signatories to support the development of a world network or organisation, building on the foundations laid by ENAT in Europe and its world-wide members and partners.

In 2015 ENAT proposed to develop the World Network with EU support funding from the ATIC-HORIZON 2020 project but this grant application, capably led by the National Research Centre of Italy (CNR) was, unfortunately, not successful.

In 2016 the ENAT Board has discussed the possibility of establishing an online cooperation platform allowing different partners and organisations, including regional associations, conferences, enterprises, national and regional tourist boards, NGOs, advocacy groups, professional bodies, projects and individuals to join and share their information. It is envisaged that the online platform will form the basis for coordination, cooperation, dissemination and development initiatives across existing
geographical, cultural, organisational and linguistic boundaries, that currently inhibit the spread of good practices and the very necessary improvement of accessibility standards in tourism.

Other funding opportunities are being sought to support the online community. ENAT Members and partners are welcome to propose possible sources of funds or funding models for developing the World Network.
