

**NEW
SNATTI
DEPARTMENT!**

**INCLUSIVE
TOURISM WITH
QUALIFIED
PROFESSIONALS!**

OUR AIM:

www.snatti.com

The certified tourist guides with specific “T-Guide” training will focus their professional skills on Inclusive Tourism.

HOW?

Organizing guided tours to groups with physical and mental disabilities.

SOCIAL RESPONSIBILITY

Create a means of connection between museums and monuments, preparing accessible documentation with official institutions.

WHY?

As this is an important market segment, SNATTI wants to prepare and motivate not only the tourist guides but also the Tourism stakeholders in all these subjects.

HOW WILL IT WORK?

- carrying out visits adapted to the type of target audience, by SNATTI “T-Guide” guides;
- production and provision of “accessible to all” documentation, to monuments and museums - braille, handwriting, among others;
 - specific training, for example in Portuguese Sign Language;
- workshops on accessibility and physical barriers in touristic visitable places;
 - presentation of cognitive and social stimulation projects for people with cognitive impairment, dementia and their informal caregivers in partnership with other institutions.
