#EUaccesstourism
ENAT’s Mission

“To make European tourism destinations, products and services accessible to all travellers and to promote accessible tourism around the world.”
Accessible Tourism is not “special” tourism…

It is part of every kind of offer

- Accommodation
- Adventure
- Culture
- Gastronomy
- Conferences & Fairs
- With kids
- Education
- Nature in the city
- City Break
- Religion
- Sports & Events
- Festivals
“Universally Designed Tourism for All”

Making environments, venues and services suitable for the widest range of customers, including:

• Seniors,
• People with disabilities,
• Families with small children,
• People with long-term health conditions … and many more.

Ensuring equal opportunity to enjoy tourism experiences

Accessibility means: Inclusion, comfort, safety, sustainability
Accessible Tourism – Open to Everyone
Accessible Tourism also means…

Great mountain experiences for everyone!

Accessible Tourism in Europe generated €400 billion revenues per annum and is expected to grow annually by 1% for the coming years.

Accessible Tourism accounted for 3% of total EU GDP.

It supports 9 million jobs.

But: only 9% of EU tourism providers promote themselves as “accessible”.

Market demand for accessible tourism could rise 44% per year if appropriate services were put in place.

Improvements in access could raise the economic contribution of Accessible Tourism by 25%.

Improved accessibility could attract up to 75% more international travellers.

(European Commission Study by GFK, University of Surrey and others, 2014)
Relation between ageing and disability

Source: World Bank (2011)
World Report on Disability.
“Seniors” are 65% of the Accessible Tourism Market

- 1 in 5 persons in European Union are over 60
- They want to travel and enjoy life
- Seniors from Europe take 6 to 7 trips a year
- They have most discretionary income
- They are more active, “youthful”
- They take most overseas trips
- They travel around the year
Travel companions – the “multiplier effect”

People with access requirements travel with 1.9 companions (on average)

On average:
• People with disabilities have +2.2 companions
• Older people +1.6 companions
AND they…
• Stay longer
• Spend more
• Make more repeat visits
• Travel throughout the year

(EC Study 2014)
Total value of accessible tourism market in Great Britain is around £15.3 billion

Graph of trips taken by those with an impairment and their travelling companions in 2018

- The total expenditure generated by those with an impairment or those travelling within a group where a member had an impairment is estimated to be £15.3 billion
- Inbound visitor spending by this group was £0.5 billion in 2018
- Domestic overnight visitor spending by this group was £3.2 billion in 2015
- Day visitor spending by this group was £11.6 billion in 2018.

The Business Case for Accessible Tourism

England trips taken by those with an impairment and their travelling companions in 2018

**Contribution to tourism - spend**

The spend from trips taken by those with an impairment and their travelling companions made up:

- 2.2% of all inbound trip spending in 2018
- 16% of domestic overnight trip spending in 2015
- 20% of day visit spending in 2018.

Great Britain Day Visitor Survey 2018, Great Britain Tourism Survey 2015 and International Passenger Survey 2018
England trips taken by those with an impairment and their travelling companions in 2018

**Average spend**

- The average spend per inbound visit was £660 for all trips, compared to £740 for trips taken by those with an impairment and their travelling companions.
- The average spend per domestic overnight trip was £191 for all trips, compared to £210 for trips taken by those with an impairment and their travelling companions.
England trips taken by those with an impairment and their travelling companions in 2018

Average length of stay

- The average length of stay per inbound visit was 7.3 nights for all trips, compared to 11.6 nights for trips taken by those with an impairment and their travelling companions.
- The average length of stay per domestic overnight trip was 2.9 nights for all trips, compared to 3.3 nights for trips taken by those with an impairment and their travelling companions.

Research Among Adults with Disabilities: Travel and Hospitality

**General Travel**
In the past two years:
- **27 million travelers** with disabilities have taken
- A total of **81 million trips** and
- Spent $58.7 billion (up from $34.6 billion in 2015).

**Travel by air**
In the past two years:
- **38%** of adults with disabilities have taken a flight on a trip (31% in 2015), amounting to
- Nearly **15 million air travelers** taking **29.6 million air trips**, generating
- **$11 billion in spending** (up from $9 billion in 2015).
Stays in accommodations (hotels, motels, B&B, short-term rentals, etc.)
In the past two years:
✓ 59% of adults with disabilities have taken a trip that includes a stay in an accommodation (53% in 2015), amounting to
✓ 23 million travelers taking 68.7 million hotel-based trips.
✓ Each traveler with disabilities typically spends $100 per night when they stay in a hotel (on par with 2015).

Travel by cruise
In the past five years:
✓ 13% of adults with disabilities have taken a cruise (10% in 2015), amounting to
✓ 5.2 million travelers taking 10.4 million trips and generating
✓ $10.4 billion in spending on fares and $3.1 billion in spending on excursions.
✓ Spending on excursions have nearly doubled since 2015 ($1.5 billion).
When traveling, adults with disabilities rely on the internet to plan and support their travel needs. Over two-thirds use websites and apps while traveling.

- Over the past two years, more than three-quarters of travelers with disabilities (76%) have used the Internet to support their travel needs, primarily by finding and booking accessible hotels (48%) and finding accessibility information about restaurants (33%), destinations to visit (32%) and airlines (32%).

- Almost two-thirds of travelers with disabilities (65%) use functions or apps when traveling, most commonly hotel apps (33%) and airline apps (27%).

- [ ENAT’s comment: - so, is your Website Accessible? ]
New WTTC campaign highlights the Social Benefits of Travel & Tourism, (2021)

- Campaign highlights the positive social impact that travel makes to people, places and communities
- Aiming to help re-start tourism after the pandemic
- Travel & Tourism contributes to 10.3% of Global GDP,
- …is directly responsible for generating one in ten of the world’s jobs
- …for eight successive years, has outpaced the growth of the global economy.
- Travel & Tourism is a powerful driver for socio-economic development and job creation,
- The sector plays an important role in driving prosperity, empowering women, youth and other societal groups.

Make Accessibility part of everything you do!

- Engage with local partners in the community to create an unbroken chain of accessibility for all
- Promote your sustainable, accessible tourism destination on your accessible Website!
- Enjoy your work!

- …and let us know how you get on…
